

BLUMENORT SCHOOL

Inspired to Learn for Life! Inquire, Include, Imagine.

April 20, 2020

Dear Parents and Guardians,

Please find the following important announcement from our division...

Hanover School Division is committed to finding new and creative ways to support Learning@Home. During this period of suspended classroom learning, HSD is piloting a new high-speed Internet service for our school communities in Blumenort, Grunthal, Landmark, and Mitchell.

The expansion of our wireless footprint will facilitate learning from home by providing communities that have limited access to high-speed Internet service, with FREE access to high-speed filtered Internet via a designated access point on school property.

The HSD Free WiFi Network in Blumenort is accessible 8:00am - 8:00pm daily, and users must be within proximity of the Blumenort School bus loop. Community members are reminded to practice proper social distancing when using this service and to avoid congregating in groups. Please note that HSD monitors access to the network, and all web traffic is filtered.

The Free WiFi Network is a pilot project intended to support Learning@Home. If successful, we will be looking to expand this service into other rural school communities that have limited access to high-speed Internet.

Once again, as we work our way through the updates that come our way daily, we would like to remind everyone to please check out the COVID-19 Updates link that is found on both our school and divisional websites for all the latest.

If you have any questions, please let me know.

Thank you,
Dave Schettler
Principal, Blumenort School
