

# BLUMENORT SCHOOL

***Bengals' Update 05 - October 29, 2021***

---

## **Report Cards & Virtual Parent-Teacher Conferences**

In a few short weeks, our students will have completed the first term of this school year and with that comes an opportunity for our families and teachers to discuss how that went. Once again this year, our format will remain virtual and as a result, a letter will be sent home shortly outlining the process for selecting an available time to connect with our teachers. Once you and the homeroom teacher have agreed upon a time, you will either receive a Zoom conference invite or an email letting you know the conference will take place by a phone call.

In the meantime, please keep the following dates in mind...

- Wednesday, November 17th @ 3:45 – Report Cards available to view on the Parent Portal\*\*
- Thursday, November 18th-Friday, November 26th - Grade 1-8 Virtual Parent-Teacher Conferences
- Wednesday, November 24th – Virtual Kindergarten Conferences

*\*\*Please be reminded that paper copies of Report Cards will not be sent home. To view report cards on-line you will need to log onto the parent portal. On the left hand menu click on Report Card. Then select "Switch to Electronic Report Card". The report card will be available to view on November 17th.*

## **Bengals Cross-Country Cohort Running Teams**

A huge thank you to our Cross-Country team members and coaches for your participation and dedication over the past two months. A special congratulations to our Grade 7 Boys as they were divisional finalists!

## **The Umbrella Project at Blumenort School**

This month our focus is to build a **growth mindset**. To briefly summarize, in a fixed mindset we believe that our intelligence and talent are something we are born with and can't change. This leads us to the false assumption that talent alone, without hard work, will lead to success. Extensive research has shown that children with this mindset give up easily and often avoid challenges.

In a growth mindset, we see ourselves as growing and developing. We believe we can build any skill with effort and this can help us create a love of learning and an excitement around new challenges. We see the brain like a muscle, the more effort we put in, the bigger it grows.
