BENGALS UPDATE 27 - MARCH 15, 2024

The Umbrella Project @ Blumenort School

HELP YOUR CHILD SET THEIR OWN GOALS, AND FOLLOW THROUGH by DR. JEN

Following through is key to developing purpose. We all have great ideas that would help with developing purpose. Unfortunately, busy school and activity schedules keep these ideas from realization. Many of the expectations of education confine kids to a set of goals that aren't their own. Mandatory projects, studying, and school expectations dominate a kid's time. This leaves little time in the day to develop a sense of purpose and follow through on those optional goals.

Make sure you check in with your child to learn what they care about. Prioritize their personal, optional goals at the same level as the mandatory ones. Help your child learn to set their own goals. Then, break these goals down into small, manageable steps that will fit into their schedules.

Kindergarten Registration for the 2024-2025 School Year

Kindergarten Registration for the 2024-2025 school year is now open. Parents and caregivers are encouraged to register their children in January for September entry, as this will assist schools in planning and scheduling. Early registration also provides the opportunity to participate in upcoming orientation events in spring. To be eligible for September registration (2024-25 school year), children must be five years of age on or before December 31, 2024. Students are required to attend the school within the catchment area where they reside, which ensures balanced enrollment across the division. For more information on school catchment areas and how to begin the online registration, please check out...
