

BLUMENORT SCHOOL

BENGALS UPDATE 25 - FEBRUARY 26, 2026

Professional Development Day - Friday, February 27th - No Classes

A reminder that there will be no classes tomorrow - Friday, February 27th, as it is a Professional Development Day for our teachers.

Our Busy February @ Blumenort School

Thank you everyone for being part of a very busy February here at Blumenort School! From the I Love to Read activities to the Drama Production yesterday and everything in between, this was an action packed and productive month! A huge thank you to our staff for all of their organization!

World's Finest Chocolate Fundraiser

Our annual, school-wide World's Finest Chocolate Fundraiser is coming to a close on Monday, March 9th. Please have all chocolates and/or money returned to our office. Thank you again for your support!

Report Cards & Parent-Teacher Conferences

March signals the end of Term 2 and subsequent report cards/conferences. Please keep the following dates in mind...

- Monday, March 23rd - Report Cards will be available to view on the Parent Portal.
- Thursday, March 26th - Kindergarten-Grade 8 Parent-Teacher Conferences. More info to follow!

Kindergarten Registration for the 2026-2027 School Year

Kindergarten Registration for the 2026-2027 school year is now open. Parents and caregivers are encouraged to register their children in January for September entry, as this will assist schools in planning and scheduling. Early registration also provides the opportunity to participate in upcoming orientation events in spring. To be eligible for September registration (2026-2027 school year), children must be five years of age on or before December 31, 2026. Students are required to attend the school within the catchment area where they reside, which ensures balanced enrollment across the division. For more information on school catchment areas and how to begin the online registration, please check out... <https://hsd.ca/schools/student-registration/>

The Umbrella Project by Dr. Jen

This month we are going to work with students to learn about **Purpose** and their meaningful contribution to the world. As we always say at the Umbrella Project, all of the skills are important and work best together! The happiest kids are able to understand their own needs and their contribution to the bigger world around them. How will a sense of purpose help my child? Purpose is the feeling that the things we do and the choices we make have meaning and make a difference. This makes us feel happier and more confident and gives us a set of guiding principles that help us make decisions. When kids have a sense of purpose, it is easier for them to keep going when things get difficult because they can see a bigger picture. This can make them less likely to get stuck in the small trivial details that don't matter in the long run. The journey of life isn't linear so it's important to live each day with a bigger set of goals and values that can make even the toughest of days feel worthwhile. Having a sense of purpose is so important that it can actually help your children live longer, healthier lives.

Help your child set their own goals, and follow through - Following through is key to developing purpose. We all have great ideas that would help with developing purpose. Unfortunately, busy school and activity schedules keep these ideas from realization. Many of the expectations of education confine kids to a set of goals that aren't their own. Mandatory projects, studying, and school expectations dominate a kid's time. This leaves little time in the day to develop a sense of purpose and follow through on those optional goals. Make sure you check in with your child to learn what they care about. Prioritize their personal, optional goals at the same level as the mandatory ones. Help your child learn to set their own goals. Then, break these goals down into small, manageable steps that will fit into their schedules.
