The Umbrella Project by Dr. Jen

Recharge with quality brain food - Summer is a wonderful time to feed our brain. The school year can be busy and rushed - so take advantage of the summer months as time to help your child recharge their brain. I like to think about brain food not just as what we actually eat, but everything our brain consumes. What we take in with our other senses also feeds our brain: what we see, hear, touch and smell are all fuel for creating the right neural pathways in our brain.

Over the summer, make sure your child's brain is getting a balanced diet of quality brain foods mixed in with some of the lower-quality inputs like too much time spent on screens. Here are some of my favorite brain foods: great music, new and engaging experiences, time with friends, walks in the forest, snuggling, unstructured outdoor play, laughter, giving to others and so many more.

Term 3 Report Cards

Our Term 3 Report Cards will be issued at 9am on Tuesday, June 30th. This is a change from previous years due to the fact that after 4pm that day, families will lose access to seeing the report card again until July 4th. If you have any questions or concerns about the report card or class placements, please email.
